

# SIU CLEAN LAPTOP PROGRAM

## Purpose:

The risks associated with carrying electronic devices while traveling arise from two sources: the likelihood that your device will be compromised and the impact of such a compromise. These risks fall into two main categories: exposing information the university is required to protect (i.e., restricted, classified or export controlled data) and being compromised by malware while traveling. The likelihood of being compromised by malware is greatest when traveling outside of the US and especially high when governments operate and manage the Internet. International travelers should take *extra* precautions. Understand that foreign universities, governments, and companies are often linked. Any inquiry regarding your research may have an ulterior motive, such as stealing intellectual property. Be cautious of unsolicited requests and questions about your research or other sensitive information. These clean laptops provide both you and the SIU System extra security in the event that the laptop is compromised and will assist both you and the SIU System with maintaining export control compliance.

## Who Should Use The SIU Clean Laptop Program?

All SIU System employees, SIUE faculty and staff, SIUC faculty and staff, SIU School of Medicine faculty and staff; as well as all satellite campus faculty and staff, including but not limited to, the SIU School of Dental Medicine, The National Corn to Ethanol Research Center, The East St. Louis Center, SIU Law School and all SIU Extended Campus locations that travel to the designated foreign countries.
